## Adjuvant

### HIGH SURFACTANT METHYLATED SOY OIL FOR IMPROVED PERFORMANCE OF HERBICIDES

Methylated  
Soy Oil

#### High surfactant oil concentrate - methylated soybean oil

Destiny<sup>®</sup> HC adjuvant is designed to be compatible with glyphosate and contains CornSorb<sup>®</sup> additive for increased pesticide uptake and effectiveness.

Destiny HC adjuvant includes CornSorb additive, which has been proven to increase humectancy for droplet retention leading to improved uptake of herbicides for better performance and less herbicide lost to environmental factors like evaporation.

#### Features & Benefits

- Helps herbicides perform when weeds are under stressful, hot, dry weather conditions
- Helps improve herbicide control at half use rates of standard MSOs
