

Onset® 3.6L

By WINFIELD

FUNGICIDE
DISEASE CONTROL

Controls diseases in a wide variety of crops

Effective Disease Control

Onset® 3.6L fungicide offers disease protection for optimized plant health and yields.

Onset® 3.6L offers effective control of rusts in asparagus, barley, corn, cotton, field beans, grasses for seed, onion and garlic, peanut, soybean, sunflower and wheat.

Onset® 3.6L also provides effective control of powdery mildew in cucurbits, leafy brassica greens, hops, grasses for seed and soybean. It also suppresses Fusarium head blight in barley and wheat, and controls many other diseases in labeled crops.

Ingredients

Tebuconazole	38.7%
Other ingredients	61.3%
TOTAL	100%

Onset® 3.6L weighs 3.6 pounds per gallon.

Adjuvant Use

To lock in spray coverage or deposition and lock out drift, include InterLock® or MasterLock® adjuvants.

Packaging

2 x 2.5-gallon jugs

Labeled Crops and Application Rates

Crop	Rate (Fluid Ounces per Acre)
Asparagus	4 to 6
