

Fast Break[®], ProTank[®] and ProMark[®] Adjuvants

Fast Break[®] Adjuvant provides preventative antifoam activity in spray mixtures. Fast Break[®] Adjuvant works by going in the spray tank prior to pesticides and will prevent the foam buildup. The reduction of foam can decrease mixing and tank filling times, reduce the loss of crop protection products and prevent killed vegetation when spray tanks foam over.

APPLICATION RATE:

Curative: Add Fast Break[®] adjuvant as needed

Preventative: 1 ounce per 100 gallons of spray solution

INGREDIENTS:

7.7% Dimethylpolysiloxane

2.3% Methylated Silicon

90% Constituents Ineffective as
Spray Adjuvant

FEATURES & BENEFITS:

- Suppresses foam during pesticide mixing
- Can knock down foam that builds during filling
- Reduces foam to decrease mixing fill times

Fast Break[®]

Fast Break® adjuvant quickly breaks down and prevents foam

ProTank®

ProTank® Adjuvant cleaner can have a dramatic impact on equipment's life and performance. Removing pesticide and fertilizer residues reduces metal corrosion and the deterioration of rubber seals, diaphragms and hoses. Additionally, remaining spray system residues can damage plants, even at low rates.

APPLICATION RATE:

Large Tanks: 1 pint per 50 gallons of water

Small Tanks: 1 ounce per 3 gallons of water

INGREDIENTS:

100% Proprietary Blend of Phosphate and Carbonate Salts, Sequestering Agents, Surfactants and Solvents

FEATURES & BENEFITS:

- Cleans pumps, valves, strainers, tanks, nozzles, hoses and other sprayer equipment
 - Helps prolong the life of equipment, which reduces downtime in the busy season
 - A pre-dissolved tank cleaner that neutralizes acidic-type chemicals
-

ProMark®

ProMark® Adjuvant foam marking concentrate made of high foaming surfactants and foam stabilizing agents. Delivers long lasting foam in the field under varied environmental conditions

APPLICATION RATE:

Type: 1 gallon per 100 gallons of water

INGREDIENTS:

38% Blend of Sodium Alkyl Polyoxyethylene Sulfate and Sodium Alkyl Sulfate

FEATURES & BENEFITS:

- Highly concentrated foaming surfactant
- Long lasting foam
- Unaffected by water hardness
