Scope 1 Notice for assets sold through April 2026

Notice issued 04/23/2026

The farmer's implementation or maintenance of the Practices on the following Land (identified by UUID) generated carbon benefits which were sold within the food and agriculture value chain. With this Scope 1 Notice, and in accordance with applicable laws and guidance as appropriate, Truterra is returning to the operators of these fields a limited, revocable, nonexclusive, nontransferable and non-sublicensable license and right to make accurate Scope 1 Claims with respect to the quantity of GHG emissions reduced or removed as a result of practice performance on these fields in Vintage Years through April 2026. Please refer to your applicable vintage year enrollment or farmer beneficiary schedule for the quantity of GHG emissions reduced or removed.
